

AAPS Strategic Plan - Update #1
Honoring our past, planning for our future...

The Ann Arbor Public School district is engaged in a strategic planning process, which honors our long history as an excellent public school system as well acknowledging that the district must act now to strengthen the educational experience for every student.

The process started with the formation of a 32-member Strategic Planning Team who met last March to draft the Strategic Plan. That plan, which includes eight strategies, has now been passed to eight Action Teams for the development of an Action Plan for each strategy.

Community members, parents, staff, administrators and students are all involved in the development of the plan. The plan will wrap up in November with implementation starting in Spring 2008 and continue over the next five years.

We invite you to review the first Strategic Plan Newsletter that provides a complete update on the process as well as progress from each Action Team.

You can access the newsletter at our school website by clicking on Strategic Plan Newsletter on Pittsfield's main page and downloading it as a PDF. Newsletter is also available at the district site:
www.aaps.k12.mi.us.

A few hard copies of the newsletter are available in the school office or you can call the district communication office at 994.2236 for a hard copy of this update.
